To the Horticulture Branch of Heilongjiang Academy of Agricultural Sciences.

Distinguished President Chen Lixin,

As the CEO and Owner of Azrom I sincerely invite you to visit us in May 2019 for a five days scientific and technological exchange and negotiation.

Azrom is currently leading the global agricultural market and is actively working on projects in over 70 countries. At Azrom we strive for excellence and solutions that incorporate advanced technologies while sustaining the environment. Azrom distinguishes itself by creatively creating agricultural solutions to meet the highest demands.

During the visit, we will have a full discussion and negotiation on vegetable varieties cooperation, such as Solanaceae, cucumber, watermelon and melon as well as horticultural production technology and cooperation in facilities.

All of the expenses (including airfare, hotel accommodation, meals, etc.) incurred during the trip will be covered independently.

We ask to please kindly provide assistance in issuing visas for each of the enclosed below:

1. Chen Lixin, male, President/researcher, horticulture branch, heilongjiang academy of agricultural sciences, August 26, 1963
2. Wang Xiqing, director/researcher, horticulture branch, heilongjiang academy of agricultural sciences, September 17, 1973

Looking forward to your arrival.

Sincerely,  
Moshe Cohen,  
CEO & Owner
