Xuefu Road No.368 Harbin CHINA

Dear Professor Wang Guijiang,

I am delighted to invite you and your colleagues to Oregon State University for 6 days' technical exchange on medicinal hemp in December. Through the visit, you can learn about the current economic and industrial situation of medicinal hemp in the United States, and the current research technology, including feminization technology, breeding technology and comprehensive cultivation technology of medicinal hemp. The expenses of the visit, including travel, living expenses, training and insurance, shall be borne by you.
